As we specialise in made to measure coats, Careful measuring equals Good Fit.

Four dimensions are required: A, B, C & D:

- A: Raise your dogs head gently so as the neck makes a 90 angle with the top of the dog's back. Measure from this point on the nape of the neck to where the tail begins – please state if the back is level or curved.
- B: From the same point, nape of neck down to the top of the dog's elbow
- C: Measure around the dog's middle where the strap is to fasten, at the end of the ribcage
- D: Around the dogs neck.

The coat price is determined by the back length of your dog (A) regardless of fabric combination you select. Please see order form/price list
